

POST COVID-19
SANITARY PROTOCOL GUEST JOURNEY
JUNE 2020

WE STILL HAVE A WORLD TO SEE

At Sun Resorts, we care for each guest's comfort and safety. To welcome back our guests in a safe environment, we have adapted our health and safety procedures to the requirements brought with COVID 19 and enhanced our disinfection protocol in all our public areas and rooms.

POST COVID 19 3s

SAFETY

Associate Health, Safety and Knowledge:

Hotel associates – and their own health, safety and knowledge – are essential to an effective cleaning program. Here are some ways we're supporting them:

Hand Hygiene:

Proper and frequent handwashing is vital to help combat the spread of viruses.

Ongoing Training:

In addition to training on housekeeping and hygiene protocols, hotel associates are also completing enhanced COVID-19 awareness training.

Real Time Information:

SUN has an internal communications hub with the latest news and information associates can use to prepare for and respond to COVID-19. In addition, SUN's corporate teams are on standby 24/7 to support the hotels and coordinate with local and regional authorities.

SANITIZATION

Cleaning Products and Protocols:

We work with our partners and suppliers around to make sure our hotels can procure and use virus-killing products approved by the local agency.

Guest Rooms:

Hotels use cleaning and disinfecting protocols to clean rooms after guests depart and before the next guest arrives, with particular attention paid to high-touch items.

Public Spaces:

Hotels have increased the frequency of cleaning and disinfecting in public spaces, with a focus on the counter at the front desk, elevators (and elevator buttons), door handles, public bathrooms and even room keys.

Back of House:

In the spaces where associates work "behind the scenes," hotels are increasing the frequency of cleaning and focusing on high-touch areas like associate entrances, locker room, laundry rooms and staff offices.

SUSTAINABILITY

The COVID-19 outcome reminds us how essential it is to manage sustainably all the natural and cultural resources that define our destination main assets. Through our SUNCARE Programme we have established a strategy for the conservation of our natural and cultural heritage, considering these as a main source for sustainable development. Moreover, we have invested in niche markets from birding at Ile Aux Cerf to Mauritian gastronomy, finding out innovative ways to promote source locally. Every step of the SUNCARE Guest Journey is well thought taking into account our environmental and social risk factor

Sustainability Certifications:

- EarthCheck Silver
- Travelife Gold
- SEMSI (Stock Exchange of Mauritius Sustainable Index)
- Founding Member of UN Global Compact Local Network

SUNCARE Programme with the 4 big projects :

- Marine conservation ,
- Adopt an endemic tree
- Community support
- Sun Children Cancer Fund

COLLABORATION WITH SGS DISINFECTION ASSESSMENT LABEL FOR THE HOTEL INDUSTRY

SGS

All Sun resorts are located on wide and spacious properties and surrounded by lush tropical gardens and long beaches to assure our guests peace of mind.

Our post COVID Sanitary Guest Journey Protocol includes our new Clean Resort label and collaboration with SGS. To ensure strict standards of cleanliness and mitigate the impact of COVID 19 Pandemic, this new scheme will evaluate the efficacy of cleaning and disinfection procedures in each resort. The products, protocols and measures are therefore certified and audited by SGS.

This scheme consists of a sanitary and hygiene inspection coupled with onsite testing using the latest technology ATP (Adenosine – Triphosphate) or RT qPCR with results available within 3 hours after sample collection.

This label  is our seal of approval, ensuring guests that protocols have been respected and will be visible on all touch points throughout their stay.

Sun Resorts is part of Ciel Group as well as C Care which provides the best healthcare services in Mauritius and owns 2 hospitals, namely Clinique Darné and Wellkin Hospital :

- Clinique Darné is one of the first yet most modern hospital in Mauritius. It operates an outpatient clinic facility in the northern region of Mauritius at La Croisette.
- Wellkin Hospitals is deeply committed to the highest standards of excellence in medical care and has a highly experienced medical team representing over 40 sub-specialties.

Our in house Nurse is available for any medical request. All our team is trained to welcome and take care of our guests while adopting social distancing, ensuring high level of service and operational excellence.

At Sun Resorts, we promise peaceful holidays to create timeless memories...
