

IBEROSTAR 
HOTELS & RESORTS

How
we Care

A philosophy **to take care** of guests, employees, the community and the environment.

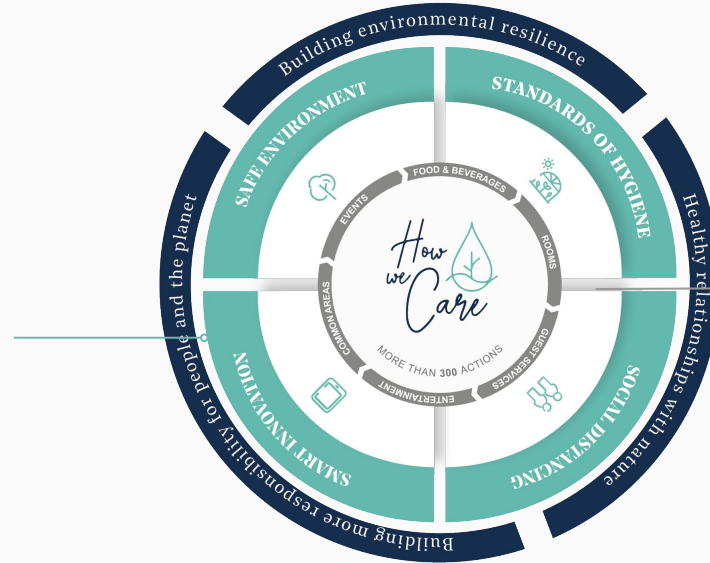

Based on the advice of a **Medical Advisory Board**.

And reinforcing our leadership in **Responsible Tourism**.

WE TAKE CARE OF EVERYTHING TO TAKE CARE OF YOU

Wave of Change is a pioneering initiative from Iberostar Group to reduce the use of plastics, to promote responsible consumption of seafood and improve coastal health. Our strategy with regards to sustainability has always been groundbreaking in its approach to caring for people and the environment. In this new scenario, we are reinforcing our commitment to responsible tourism by incorporating the health and hygiene guidelines necessary to ensure everyone's safety.

How We Care is a cross-cutting philosophy that aims to take care of everyone, without exception (guests, employees, community and environment). This new form of collective care is present in every one of the activities, spaces, and protocols at our hotels, enabling us to offer an even more personalized experience and consolidate our leadership in responsible tourism. And the way we do this is unique, based on the advice of our Medical Board, a team of public health and safety experts specialized in the tourist industry.

Iberostar Elevated Luxury

Customers need to be reassured before they will decide to travel, but they also need to be motivated. This is the best-deserved vacation in ages. At Iberostar, we take care of our guests, our staff, as well as the environment through our newest philosophy, How We Care. This initiative has brought forth more than 300 actions for rooms, restaurants, pools and properties that offer an even more personalized and secure luxury vacation experience.

PRELIMINARY OBSERVATIONS

WHAT WILL WE EXPECT WHEN WE ARE ABLE TO GO ON VACATION AGAIN?

We will expect answers, diligence, stringent health and safety measures, but also reassurance and enjoyment.

Customers need to be reassured before they will decide to travel, but they also need to be motivated. This is the best-deserved vacation in ages.

.....

We need to awaken
their wanderlust!

PRELIMINARY OBSERVATIONS

THAT'S THE REASON BEHIND THIS NEW WAY OF CARING...

It is an integral part of everything we offer at every one of our hotels.

It is present across the board in our food philosophy, our selection of leisure and outdoor activities, our options for rest and relaxation, and our commitment to the protection of nature and sustainability.

It is a way to ensure safety that is compatible with enjoyment.

.....

We take care of everything
to take care of you.

A CROSS-CUTTING PHILOSOPHY

WHAT IS HOW WE CARE?

It's a cross-cutting philosophy that aims to take care of everyone, without exception (guests, employees, community and environment), and is based on a **safe environment**, the highest **standards of hygiene**, **social distancing**, and the **smartest innovation**.

This new form of collective care is present in every one of the activities, spaces, and protocols at our hotels, enabling us to offer **an even more personalized experience** and consolidate our leadership in **responsible tourism**. And the way we do this is unique, **introducing science in our business** through the advice of our **Medical Advisory Board**, a team of public **health and safety experts** specialized in the tourist industry.

We aim to make customers feel **safer than ever** so that they can forget their worries and **feel right at home, just as they always have**.

MEDICAL ADVISORY BOARD (MAB)

Our **strategy with regards to sustainability** has always been groundbreaking in its approach to caring for people and the environment. In this new scenario, we are reinforcing our commitment to **responsible tourism** by incorporating the **health and hygiene guidelines** necessary to ensure everyone's safety.

Medical rigor and sustainability must go hand in hand in every step we take, and the best way to do ensure they do is to have our **own Medical Advisory Board** including both internal talent and experts in **Public Health and Safety for the tourism industry**, that **combine scientifically driven decisions with a protection of our environment and wellbeing** and build a pathway for/are leaders of a more responsible tourism across the sector.

We aim to go far beyond official recommendations with measures that guarantee **the best possible care for everyone in the Iberostar community on a long-term and sustainable basis.**

MEMBERS THAT CONSTITUTE THE MAB:

CIRCULARITY POLICIES

The crisis caused by COVID-19 has reinforced the **company's business vision**: now more than ever we must enforce responsible tourism that cares for people and **create healthy environments by promoting circularity policies**.

A few years ago, we formalized this path through our **Wave of change** movement, which is at the core of our business strategy thanks to everyone's effort.

We now strengthen our business model **incorporating health and hygiene as a new pillar**.

Once more, we do this with a science based approach.

MORE THAN 300 MEASURES

An internal, interdisciplinary team has audited and redesigned all the company's operational processes.

With the advice of the Medical Advisory Board, more than **300 MEASURES** have been implemented, grouped around 4 main pillars.

All these measures, strictly respect the pillars of our Wave of Change movement as they are single use plastic-free, as far as legislation permits, and enabled us to reinforce our circularity policies and the use of products with a minimum environmental impact.

THE FOUR PILLARS

HOW WE CARE PRINCIPLES

Four principles that will help
us bring this concept to life

Safe Environment

Making your
travels safer

.....

Standards of Hygiene

Complete disinfection, greater
peace of mind

Social Distancing

Stay apart,
remain united

.....

Smart Innovation

Leading Innovative
Luxury

Safe Environment

With true leadership standards for the protection of our employees, customers, communities and environments in which we operate.

01.

External certificaciones like Earth Check or Cristal International Standards, among others, together with the **verification of protocols** by SGS (the world's leading inspection, verification, testing and certification company), reinforce the company's commitment to healthy and safe environments.

02.

Specialized training of employees, equipped with the new hygiene and protection measures indicated by our MAB.

.....

03.

Secure access with sanitary controls to suppliers and employees.

.....

04.

Permanent centralized medical service including ambulance and isolation rooms.

05.

Inspection of all goods and products delivered at our hotels to meet sanitary standards but, even more so, to support local businesses and minimize waste generation.

.....

06.

Food from known, local, and sustainable origin based on the unique approach of our **Honest Food** philosophy and ensuring the traceability of our consumption.

.....

07.

Strict compliance and permanent update of local authorities and WHO recommendations.

Standards of Hygiene

Reinforce and highlight our preparation in terms of cleaning, hygiene and disinfection, with products that minimize the environmental impact.

01.

New specific protocols for **disinfecting rooms**, restricted employee access to these, and for cleaning textiles in laundries.

02.

We **reinvent the buffet** without losing quality, to ensure employees and customers' safety: we adopt a single touch procedure by individual presentation of our gastronomic proposals, taking advantage of this process to reduce general food waste. In depth **disinfection** will be carried out between services.

.....

03.

We have increased the number of times common areas are disinfected, closing off each area to disinfect all surfaces and furniture.

.....

04.

Cleaning equipment, from certified suppliers, as well as **protective gear for all employees** is being provided for the safety of guests and staff alike.

05.

Usage of **recyclable masks made out of recycled material** and hygiene measures which consist of frequently washing the hands in order to minimise the usage of gloves.

.....

06.

New cleaning measures and protocols with certified products that ensure sterilization while guaranteeing **minimal impact** on the water and waste management system, in line with our circularly agenda.

.....

07.

Guidance from **virology experts** for adapting our protocols to the new situation, **increasing the frequency of disinfection** in all spaces and establishing **ongoing cleaning processes**.

Social Distancing

Making the most of open, outdoor spaces and encouraging their use is seen as a security measure, but also as a real luxury that we can enjoy while on vacation.

01.

The **extensive natural spaces** at our resorts bring nature closer and protect our employees and clients.

02.

Room service to enjoy the best of our gastronomy in a more intimate setting.

03.

Reduction of tables in a la carte restaurants and increased space in our buffets by taking advantage of outdoors areas and creating new exterior dining experiences.

04.

Entertainment experiences with workshops, activities and live outdoor music shows (or indoors with limited capacity).

05.

Family activities in smaller groups and with **advance booking**.

06.

Signage in waiting areas has been installed to aid the flow of people and avoid crowds.

07.

Sunbeds, lounge chairs, and all seated areas have been reorganized to aid social distancing, thus creating a more intimate setting for all guests to enjoy.

08.

Eco-2-Go Star Café take-away options using compostable or reusable packaging to boost our vision on circular economy.

09.

Hotel occupancy at maximum 70% of total capacity, to strengthen safety, and other measures like social distancing.

Smart Innovation

At the service of information
and communication to facilitate
contactless proximity.

01.

Digital pre-check-in and online check-out: safer and more recommendable while, at the same time, quicker and more convenient.

.....

02.

Touch-less experience with our App: access to all our services with one click to book a table, review a menu or search for leisure activities, among others.

.....

03.

Receive up to date information through our **24 hour E-concierge** through the Iberostar app or your in-room telephone.

04.

Reinforcement of our **paperless philosophy:** the use of paper decreases by extending digital media in restaurants and rooms.

.....

05.

Through our Star Camp program, **Doctor Superhero** will teach children how to play together and interact in the new scenario.

Environmental aspects and their interaction with health and safety.

01.

External certifications like Earth Check or Cristal International Standards, among others, together with the verification of protocols by SGS (the world's leading inspection, verification, testing and certification company), reinforce the company's commitment to healthy and safe environments.

02.

Inspection of all goods and products delivered at our hotels to support local businesses and minimize waste generation.

03.

Food from known, local, and sustainable origin based on the unique approach of our Honest Food philosophy and ensuring the traceability of our consumption.

04.

New cleaning measures and protocols with certified products that ensure sterilization while guaranteeing minimal impact on the water and waste management system, in line with our circularly agenda.

05.

We reinvent the buffet without losing quality and taking advantage of this process to reduce general food waste.

06.

Room service is delivered in biodegradable, reusable packaging.

07.

Eco-2-Go Star Café take-away options using compostable or reusable packaging to boost our vision on circular economy.

08.

We reinforce our paperless philosophy by extending digital media in restaurants and rooms: App, Totems, QRCode.

09.

Sanitized water bottles that can be refilled in nano-filtered and purified water stations.

10.

Usage of recyclable masks made out of recycled material and hygiene measures which consist of frequently washing the hands in order to minimise the usage of gloves.

01.

CRISTAL INTERNATIONAL STANDARDS (America)

Cristal International Standards Certifications and Local Audit Programs ensure all Iberostar hotels comply with the highest standards set forth for hygiene and health, housekeeping, pools, drinking and pool water quality, as well as dining. These certifications and audits also ensure compliance with security systems, including fire prevention and the safety of guests. Each hotel undergoes more than 23 assessments of over 900 variables per year in order to successfully obtain certifications.
